## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

It is thought the teamwork and dedication of our highly qualified staff that we continue to accomplish our goals of improving and enhancing student achievement at Britton's Neck Elementary. During the 2009 – 2010 school year, we continued to expect exceptional academic performance and behavior. We believe that by achieving these principles, along with community support, our students will be able to succeed in life. Student education is top priority.

The implementation of instructional initiatives such as MAPS (Measurement of Academic Progress), Reading First, and Dominie Reading and Writing Assessment Program has greatly assisted us in education the whole child. Meeting AYP (Academic Yearly Progress) is an indication that initiatives are working and our students are learning. Their performance on PASS (Palmettos Assessment of State Standards) is evidence of this.

We also believe that through educational experiences, students will become lifelong learners and successful citizens. Field trips are an excellent example of this. The fourth- grade class explored the world of weather by visiting the WMBF News Station in Myrtle Beach. Students were able to observe a live weather broadcast by meteorologists. They also visited the Planetarium at Francis Marion University where the students learned about the plants, stars, and moons in our solar system.

At Britton's Neck we believe that we do ensure that all students, surrounded by high expectations, reach their full potential by providing a standards-driven curriculum in a safe and caring environment. Everyone has worked very diligently this year and we are seeing improvements. We continue to need the support of our parents and the community to make our school better. Together, we can meet the challenge.
